Einstein vs. Santa
...is Santa breaking the laws of relativity?

Thursday, December 13, 2007
7:30 p.m.
IfA Manoa Auditorium
Institute for Astronomy
2680 Woodlawn Drive
Free Admission
Free Parking
Open to the Public
www.ifa.hawaii.edu

Dr. Robert Jedicke will present an entertaining look at Mr. Claus' annual trip from the physicist's perspective. In the process, he will introduce the audience to the bizarre effects that take place in a relativistic universe.

An equation-free presentation for those in high school or older
Sponsored by the University of Hawai'i Institute for Astronomy
